

(e) Except as provided in paragraph (d) of this section, major change applications may be filed at any time. Except during the sixty (60) day amendment period provided for in paragraph (d) of this section, any amendment to a major change application that reflects any change in the technical specifications of the proposed facility, includes any new or modified analysis of potential interference to another facility, or submits any interference consent from a neighboring licensee, shall cause the application to be considered newly-filed. Notwithstanding any other provision of part 74, major change applications meeting the requirements of part 74 shall cut-off applications that are filed on a subsequent day for facilities that would cause harmful electromagnetic interference to the facilities proposed in the major change application. A facility proposed in a major change application shall not be entitled to protection from interference caused by any facilities proposed on or prior to the day the major change application is filed. A facility proposed in a major change application shall not be required to protect from interference facilities proposed on or after the day the major change application is filed. Except as provided by paragraph (d) of this section, any petition to deny a major change application shall be filed no later than the sixtieth (60th) day after the date of public notice announcing the filing of such application. Except as provided in paragraph (d) of this section a major change application that meets the requirements of part 74 shall be granted on the sixty-first (61st) day after the Commission shall have given public notice of the acceptance for filing of it, unless prior to such date either a party in interest files a timely petition to deny or files for other relief pursuant to § 74.912, or the Commission notifies the applicant that its application will not be granted at such time. Where an application is granted pursuant to the provisions of this paragraph, the licensee shall maintain a copy of the application at the facility until such time as the Commission issues a license for that facility's operations.

§ 74.912 Petitions to deny.

(a) Petitions to deny against the long-form applications filed by winning bidders in ITFS auctions must be filed in accordance with § 73.5006 of this chapter. Petitions to deny against applications for transfers of control of ITFS licensees, or for assignments of ITFS station licenses, must be filed not later than 30 days after issuance of a public notice of the acceptance for filing of the transfer or assignment application. In the case of applications for renewal of license, petitions to deny may be filed after the issuance of a public notice of acceptance for filing of the applications and up until the first day of the last full calendar month of the expiring license term. Any party in interest may file a petition to deny any notification regarding a low power ITFS signal booster station, within the 60 day period provided for in § 74.985(e).

(b) The applicant or notifier may file an opposition to any petition to deny, and the petitioner a reply to such opposition in which allegations of fact or denials thereof shall be supported by affidavit of a person or persons with personal knowledge thereof. Except with regard to petitions to deny against the long-form applications of ITFS auction winners, the times for filing such oppositions and replies shall be those provided in § 1.45 of this chapter.
